

Table with 19 columns representing time slots and 14 rows of station names. The table is divided into four main sections by a thick horizontal line. The top section has 19 columns. The second section has a 9th column that is a text label 'Then every 10 minutes until' and a 10th column that is a text label 'Then every 10 minutes until'. The third section has a 9th column that is a text label 'Then every 10 minutes until' and a 10th column that is a text label 'Then every 10 minutes until'. The bottom section has 19 columns. Station names are listed in the first column, and numerical values are listed in the subsequent columns.
